Frontend Software Engineer with 4+ years of experience building scalable, high-performance web applications for both enterprise and consumer products. Specialized in React, TypeScript, and modern frontend architecture, with a track record of improving performance, accessibility, and user experience. Multidisciplinary background and a strong analytical and business oriented perspective. Based in Berlin, permanent residence permit (no sponsorship required).

WORK EXPERIENCE

ALPERIA, Würzburg (remote) • Jan 2024 - present

Frontend Developer

- Scaled the platform to support enterprise customers with 1,000+ stores — up from 150 — by improving the app performance and redesigning the UI to handle high-volume data.
- Maintain multiple web apps for monitoring and updating live data in thousands of bakeries across the EU.
- Integrated an AI-powered chatbot using the OpenAI API, enabling customers to query live database information directly.
- Utilizing Sentry and PostHog across the platform to monitor errors and track user behavior, using the data to prioritize fixes and guide UX decisions.
- Implemented agentic engineering with custom Claude agents and skills, cutting development cycle time while optimizing prompts and context for token efficiency

Tink, Berlin • Jun 2022 - Dec 2023

Frontend Developer

- Improved new pages launch time by 70% by creating an internal reusable module library.
- Increased our Google Lighthouse accessibility score by 23 points, implementing WCAG standards across all sites.
- Migrated Tink's website to React v18 with Storybook.

Weelerz, Tel-Aviv • Apr 2021 - Sep 2021

Frontend Developer Internship

- Developed responsive React components using TypeScript, Styled-Components and Next.js.
- Redesigned the state management to work with Redux.
- Standardized and refactored the code base into a unified theme based on a design-system.

EDUCATION

Israel Tech Challenge, Israel • Oct 2020 - Apr 2021

- Full Stack Development Program.

Reichman University, Israel • Sep 2014 - Aug 2018

- LL.B. - Bachelor of Laws.
- B.A. - Political Science.
- Certified Lawyer by the Israeli Bar Association.

PERSONAL PROJECTS

Stay-in-touch

- Social Contact App for staying connected with friends and family, installable and fully functional offline on Android, PC, and Mac devices.
- Built as a Progressive Web App (PWA) with Next.js and TypeScript, Firebase for backend/database, and Styled-Components for a custom Design System.

SKILLS

- Programming Languages: JavaScript • TypeScript • HTML • CSS
- Frameworks: React.js • Next.js • Vue.js
- Styling: SCSS • Tailwind • Styled-Components
- Agentic Engineering: Claude Code • GitHub Copilot
- Backend & Cloud: Node.js • Firebase
- Databases: Firestore • MongoDB
- Analytics tools: PostHog • Sentry
- DevOps & Tools: Docker • CI/CD • Git
- Soft Skills: Communication • Problem-Solving • Cross Team Collaboration

LANGUAGE

- English - Fluent
- German - Elementary
- Hebrew - Native
